

### WHY CHOOSE THE EDITOP ?

*Because you always seem to have more equipment than space, and you're tired of flimsy, lightweight desks without enough room to fit everything. Because you need a strong, durable, and flexible workstation equal to the demands of broadcast television. Because you demand superior ergonomics, flexibility, and the highest quality materials and workmanship.*

*Every day you work with different formats and need to accommodate a wide variety of equipment, from amplifiers to tabletop audio boards to rack mounted power supplies, and the EDITOP gives you all the space you need.*

*The right workstation can improve your workday, today and everyday.*

*The EDITOP provides ample mounting spaces for all types of equipment, and is designed for comfortable service access. Plus there's many built-in convenience features, like dual power and data ports located just above the main worksurface.*

*Choose EDITOP because you appreciate the quality, professional features and thoughtful design. Make your workplace the place you want to be.*
